# A PLACE TO STAY A PLACE TO GROW

## DOWNTOWN CHILD DEVELOPMENT CENTER Infant, Toddler, & Pre-School Programs

Children are like sponges – they watch and absorb the actions of everything and everyone around them. At the Y, we believe the values and skills learned early on are vital building blocks for quality of life and future success. That's why we staff people who understand the cognitive, physical and social development of kids, the need children have to feel connected and supported in trying new things, and the caring and reinforcement parents and families need to help each other.

At the Y, babies develop trust and security while preschoolers experience early literacy and learn about their world. Most importantly, children learn how to be their best selves. That makes for confident kids today, and contributing and engaged adults tomorrow.
