We understand that suspending and/or postponing programs will affect many of our members. In order to meet your wellness needs, we will do what we can to keep facilities open as long as possible, within our control. The YMCA of Central New Mexico has been a pillar of the Central New Mexico community for more than 105 years, throughout both good and challenging times. The decision to postpone and/or suspend programs was made to best ensure the safety of everyone in our community.

During the next several weeks, you can expect regular updates from us via email our [website](#) and our social media channels: [Facebook](#), [Twitter](#), [Instagram](#).

We are asking everyone to follow the Centers for Disease Control and Prevention guidelines and take their own measures to protect themselves, including not putting themselves in situations with large crowds or where they come in close contact with others, staying home if they do not feel well, frequently washing their hands with soap and water and covering their coughs and sneezes.

Thank you for your patience and understanding as we navigate this evolving and challenging situation. We look forward to returning to normal business as soon as possible.

With gratitude,

Roberto Aguirre
